

To: Contec Customers

Ref: Compliance with Note for Guidance on Minimizing the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products (EMEA/410/01 Rev. 3)

Dear Customer:

Though Contec has not specifically tested for all substances referenced in the statement below, based on a review of our raw materials, manufacturing and packaging processes, and finished products, we consider the information provided to be accurate.

The products manufactured and distributed by Contec are produced wholly from materials of synthetic origin and do not contain any raw materials produced from or substances derived of animal origin. Our manufacturing process does not use any ingredient of animal origin, nor do our materials come into contact with animal products during storage and transportation.

Our products are free from Transmissible Spongiform Encephalopathy (TSE) and Bovine Spongiform Encephalopathy (BSE).

Contec is committed to providing you with quality products that meet and exceed your expectations, and we thank you for the opportunity to assist in your cleaning and contamination control product needs.

For additional information, please contact your Contec Sales Representative.

Regards,
